ALL BECAUSE OF A WATCH.

James Willis Looked Up for Beating Henry Johnson.

James Willis, colored, was arrested last night and landed at No. 2 station for assault and battery upon Henry Johnson, colored, on Monday morning.

The trouble originated over the possession of a watch. Willis loaned a gold watch to a Jim Brown, upon whom being sent to jail for committing murder, some time ago, handed the time piece over to the care of Henry Johnson.

Willis has repeatedly attempted to recover his watch from Johnson and the latter refused to give it up. Last night Willis and Johnson met on the street, when the former again tried to gain his property. A fight ensued, during which Willis struck Johnson in the side with a brick, bruising him considerably.

Policeman Ambrose quickly appeared upon the scene and soon had Willis safely behind the bars.

No Definite Conclusion Reached.

The Republican committee appointed to fill the Senate committee, held another meeting yesterday afternoon, and discussed the probable arrangements of Senators.

No definite conclusions were reached, but the conference was along the line of chairmanships indicated in yesterday morning's Times.

Arrested for Begging.

William Thomas was arrested by Policemen Herndon and Gowen last night while he was soliciting alms from people as they were leaving the Lyceum Theater. He fought the officers savagely, but they finally succeeded in getting him to No. 1, where he was locked up.

Famous Moonshiner Shot.

Memphis, Tenn., Dec. 11.—The famous gang of Hardin county moonshiners sustained a heavy loss last night when a party of men, including a prominent local officer, under the leadership of Col. Anderson, of Coal Creek miners rebellion fame, raided the place and destroyed the stills before daylight, and when he appeared they commanded him to surrender. Instead, he opened fire, which was returned.

WANT NO FILIBUSTERING

District Commission Offer an Amendment to Highway Act.

WILL REPORT FAVORABLY

Committee on District Affairs Hear All the Arguments and Agree to the Legal Change—What Was Asked. Other Bills of Local Interest Presented in House and Senate.

There will be no filibustering against the bill if the District Commissioners can help it.

They are preparing themselves for the fight in manner to have made clear Reed turn green with envy in the Fifty-first Congress. Perhaps they have learned to count a quorum if they find it necessary.

Yesterday the District Commissioners had the District Commission meet. It was the first Congress. Perhaps they have learned to count a quorum if they find it necessary.

The Commissioners paid a quiet visit to the District Commission rooms late Monday afternoon. They hunted up Senators Harris, Faulkner and McMillan and had a hurried consultation with them. As a result a mounted page carried out the notices delivered for the special meeting.

There were six members present at the meeting. The District Commissioners were there and with them Attorney for the District Thomas. The session lasted a short time and the committee directed Senator Faulkner to report favorably on the amendment.

The amendment offered by the Commissioners was a legal one, but it means a great deal. So important did the Commissioners think it that they urged that Congress act on it at once.

WHAT IS REQUIRED.

It gives all persons the right to reach the court of appeals at once on all condemnation proceedings and to go to the Supreme Court of the United States on questions involving the constitutionality of the act. Otherwise any person after condemnation proceedings, might delay extension for years by taking the constitutionality of the act through all the courts of the District.

The Commissioners, through their attorney, asked that immediate action be taken for several reasons. When the act of 1893 for extending the highways of the city over the District was enacted the Supreme Court of the District of Columbia had both original and appellate jurisdiction.

While the highway act was pending this organization of the courts in the District was changed by the act creating a court of appeals. This act abolished the appellate jurisdiction of the General Term and transferred it to the new court of appeals. But when the act creating the court of appeals was passed it was provided that it should not take effect until the third day of April, 1895.

The result is that there is grave doubt as to whether the appeal which is allowed by the highway act from the rollings of the special term of the supreme court of the District, in the proceedings relating to the condemnation of land and the assessment of adjoining property, lies to the court of appeals or to the general term of the supreme court of the District.

There is also a provision in the highway act which authorizes the judge sitting in special term to certify to the general term any questions of law that may arise. And, of course, the same ambiguity as to whether this certificate shall lie to the court of appeals or to the general term of the supreme court of the District.

Suits
at
\$14.85

ALL THIS WEEK

These suits are not cheap trash; they are goods that you cannot get at these cheap clothing sales; they are a high class of goods made with care, and no expense spared on their manufacture—the cut, lining and trimmings are perfect. The only reason we have made any reduction on these suits is that we have bought too heavily and we are afraid of having some of them left on our hands.

They are suits that have been selling right along at \$22.50, \$18.50 and \$16.50, and are fully worth it. They are made of magnificent material—Blue and Black Cheviots, Worsteds, Cassimeres, Fancy Cassimeres and Scotch Tweeds. At a custom tailors you could not get the same suit for less than \$40, and we can fit you just as well—even better, because you can try on suits till you get your exact fit.
